Statistical Report Form and Instructions

INTRODUCTION

This report is a compilation of data collected from Montana public libraries for the fiscal year July 1, 1991 - June 30, 1992. Included are statistics reported by the libraries as well as selected per-capita computations.

The 83 main public libraries in the state have been assigned to one of seven groups based on the service area population (not the city population). Service area population is the number of people in the geographical area for which a public library has been established to offer services and from which the library derives income, plus any areas served under contract. The service area population of each group, (0-1,199; 1,200-1,999; 2,000-3,199; 3,200-5,099; 5,100-9,999; 10,000-19,999; 20,000-109,000), is an attempt to organize libraries into the most homogeneous groups possible for purposes of comparison.

The Montana State Library based questions asked of libraries on those designed for the Federal/State Cooperative System (FSCS). FSCS, part of the U.S. Department of Education, is developing and compiling standardized national public library statistics. All 50 states are participating in this process.

Except in cases where data supplied were illogical or when there appeared to be typographical errors, the data presented in this publication are as reported by the participating libraries. This report will be of use to those public libraries and federation headquarters working on budgets or researching specific library-related topics.

Included at the end of the statistics report is a copy of the report form used by the libraries, as well as the instructions for completing the form. Questions that arise while using this report might be answered by referral to the report form or to the instructions.

Comments and questions are welcome concerning the design of the form and/or the wording of the questions.

PLEASE NOTE THE FOLLOWING BEFORE USING THIS REPORT:

- Public libraries receive support from various sources. The column headed "Service Area" indicates the number of people in the geographical area for which a public library has been established to offer services and from which the library derives income, plus any areas served under contract. In many cases, this number does not reflect the actual numbers served on a day-to-day basis. In some cases, libraries supported by county funds are bound to serve the whole county, but in reality, the library is used only by inhabitants of the limited area surrounding the library.
- Population area is the population of the city, town or area (taken from 1990 U.S. Dept. of Commerce reports) which reflects the size of the pool of persons from which actual library users come. (Note: Columns headed "Percent registered" and "Per capita staff, income, expenditures and collection" are based on service area population.)
- On Table II - "Staff Information *," the heading "ALA Master's" indicates the number of librarians with master's degrees from American Library Association (ALA)-accredited library science programs. "Other Accredited Degree" indicates the number of librarians with other degrees such as master's, bachelor's, and associate's.
- On Table III - "Library Income," the heading "LSCA Funds" (L.S.C.A. "Library Services and Construction Act") includes grants funds received from Titles I, II, & VI. The heading "State Revenue" includes Coal Severance Tax (CST), Interlibrary Loan Reimbursement, and State Aid for Federation Support and Per Capita/Per Square Miles. The heading "Other Income" includes donations, fines, interest, etc.
- On Table IV - "Library Expenditures," the heading "Other Expenditures" includes the following: preservation of materials; plant operation, maintenance and security; furniture and equipment; library and office supplies; postage; telephone; and other forms of telecommunications.
- "Public service hours per week" indicated in Table VII includes both main and branch library hours. The annual public service hours indicates the sum of all public service hours for all library facilities (including bookmobiles) for the entire year.
- Data totals for libraries with branches include branch information because most libraries do not keep separate statistics for their branches.

INSTRUCTIONS FOR COMPLETING STATISTICAL REPORT FORM FY 1991/92

Part I GENERAL INFORMATION

1. *POPULATION OF SERVICE AREA* - The population of the geographical area for which a public library has been established to offer services and on behalf of which the library derives income. Formula for determining service area population: (1) add all city populations together; (2) subtract city population total from the county population; and (3) the remainder will be divided amongst the libraries in that county--based on the percentage of money that library receives from the county.

2. *CURRENT REGISTERED INDIVIDUAL BORROWERS* - A registered borrower is a library user who has received an identification number or card which establishes the conditions under which the user may borrow materials. **Do not report this figure unless files are purged at least every three years.** If the library has family registration instead of individual, please indicate number followed by the word, "family" in parentheses. Example: 250 (family)

3. *BRANCH LIBRARIES* - Branch libraries, for the purposes of this survey, are auxiliary units which have all of the following: 1. Separate quarters 2. A permanent collection 3. A permanent staff 4. A regular schedule for opening to the public. They are administered from a central unit.

4. *UNSTAFFED BOOK STATIONS OR DEPOSITORIES* - Include nursing homes, jails, stores, etc.

5. *BOOKMOBILE* - Please check one of the spaces to indicate whether the bookmobile is **Owned** by your library or your library has **Contracted** service with another library's bookmobile. Indicate the number of bookmobiles or contracts.

Part II LIBRARY STAFF

INDICATE FULL TIME EQUIVALENTS (F.T.E.). TO COMPUTE F.T.E., TAKE NUMBER OF HOURS WORKED BY EMPLOYEES IN EACH CATEGORY AND DIVIDE BY 40. EXAMPLE: IN QUESTION 6, IF YOUR LIBRARY EMPLOYS ONE PERSON WITH AN MLS FOR 10 HOUR A WEEK AND ONE OTHER PERSON WITH AN MLS FOR 34 HOURS A WEEK, THE ENTRY FOR QUESTION 6 WOULD BE 1.1 OR 10 + 34 DIVIDED BY 40.

6-11. These question are based on the levels in the Voluntary Certification Manual.

6-14. These questions are required for the national ALA statistical survey.

Part III LIBRARY INCOME

SECTION 1 LOCAL INCOME

A. *CITY INCOME* - All funds allocated by the community or district and available for expenditure by the public library.
